

Kansas City's LGBTQIA Bar Census: Bars, Baths, Hangouts, Nightclubs, Restaurants, Book and Video Stores

Excerpted from
CHANGING TIMES:
Almanac and Digest of Kansas City's LGBTQIA History
By David W. Jackson
orderlypackrat.com

Many LGBTQIA individuals 'come of age' at a time in life when meeting others, dating, and enjoying the night life included a bar or a nightclub . . . and maybe clandestine encounters in less likely places around the city.

All are an important aspect of history that should be documented for the future. Make sure your favorite and/or most memorable recollections of those days in your life are recorded and archived for posterity in the Gay and Lesbian Archive of Mid-America (GLAMA) collections (glama.us).

This census of nearly 175 establishments consists mostly of bars and nightclubs; but, also, book and video stores, and restaurants. It also includes lesser known—and largely undocumented—hang-outs and pick-up and/or hook-up spots from days long before the Grindr app on a cell phone could have been imagined.

There is scant historical documentation, however, to determine which establishments opened as gay/lesbian establishments, transformed into them over time, or were simply 'friendly' or 'welcoming' establishments. For example, the Jewel Box Lounge, which was first listed in a directory in 1947, was a regular, straight nightclub until and even after the introduction of female impersonators in 1957 or 1958; a factoid relayed through oral tradition by a former owner of the Jewel Box.

This census has expanded significantly since the 2011 debut of *Changing Times*. The author has invested innumerable hours researching annual Kansas City city directories and old, brittle Southwestern Bell telephone white and yellow pages dating to the 1930s to better develop a span of years for which establishments were open for business.

To further solidify scholarship behind this census, additional details have also been gleaned from an incomplete collection of LGBT-related publications originally distributed for free at the entrances to bars/clubs (sometimes called 'bar rags'). These are now being collected through donations from readers like you and archived in the GLAMA collections for permanent preservation and future access.

Also, added here, when available, are owner/manager's names and outstanding features or highlights from a few memories that have been shared since the first edition of *Changing Times* in 2011.

CHANGING TIMES is available at: <https://www.createpace.com/6606912>
