

News Bulletin: 'Youths Booked', National Guard Called

Host: Several car-loads of youths were booked after reports they were shouting at other motorists and pedestrians, and their cars were loaded with pop bottles and rocks.

Reports of snipers again became frequent when officers and scores of office workers heard a shot ring out from near the YMCA at 10th and Oak. Police, the [National] Guard, and State Patrol [ring?] the area, made the search but found no one. The Guard, Police, and Patrol say a full compliment of men will remain on duty through the night, once again, with the curfew in effect.
