

Police Dispatch: Volunteers for Ambulances

Police: Police Dispatcher

Caller: I'd like some information. I've heard something about, uh, well when the sniping was going on last night, the ambulance drivers wouldn't go into the area and everything and that the police department was hunting for volunteers to drive ambulances or something. And I wanted to know if that rumor that I heard was true or not and if it is, I'd like to volunteer for it.

Police: Well you might call the Fire Department sir they handle the ambulance service.

Caller: Fire Department?

Police: Yes

Caller: Okay thank you very much
